

FISH AND WILDLIFE MANAGEMENT MERIT BADGE WORKBOOK

This Scoutmaster Bucky Merit Badge Workbook is based off the 2020 Scouts BSA Requirements.

Consider also using the Fish and Wildlife Management merit badge class preparation page for clarification and expectations when participating in a Scoutmaster Bucky merit badge opportunity (online or in-person).

Scout's Name:

REQUIREMENT 1: Describe the meaning and purposes of fish and wildlife conservation and management.

REQUIREMENT 2: List and discuss at least three major problems that continue to threaten your state's fish and wildlife resources.

REQUIREMENT 3: Describe some practical ways in which everyone can help with the fish and wildlife conservation effort.

REQUIREMENT 4: List and describe five major fish and wildlife management practices used by managers in your state.

REQUIREMENT 5: Do ONE of the following:

REQUIREMENT 5A: Construct, erect, and check regularly at least two artificial nest boxes (wood duck, bluebird, squirrel, etc.) and keep written records for one nesting season.

REQUIREMENT 5B: Construct, erect, and check regularly bird feeders and keep written records of the kinds of birds visiting the feeders.

REQUIREMENT 5C: Develop and implement a fishery improvement project or a backyard wildlife habitat improvement project. Share the results with your counselor.

REQUIREMENT 5D: Design and construct a wildlife blind near a game trail, water hole, salt lick, bird feeder, or birdbath and take good photographs or make sketches from the blind of any combination of 10 wild birds, mammals, reptiles, or amphibians.

REQUIREMENT 6: Do ONE of the following:

REQUIREMENT 6A: Observe and record 25 species of wildlife. Your list may include mammals, birds, reptiles, amphibians, and fish. Write down when and where each animal was seen.

REQUIREMENT 6B: List the wildlife species in your state that are classified as endangered, threatened, exotic, non-native, game species, furbearers, or migratory game birds. Discuss with your counselor management practices in place or being developed for at least three of these species.

REQUIREMENT 6C: Start a scrapbook of North American fish and wildlife. Insert markers to divide the book into separate parts for mammals, birds, reptiles, amphibians, and fish. Collect articles on such subjects as life histories, habitat, behavior, and feeding habits on all of the five categories and place them in your notebook accordingly. Articles and pictures may be taken from newspapers or science, nature, and outdoor magazines, or from other sources including the internet (with your parent's permission). Enter at least five articles on mammals, five on birds, five on reptiles, five on amphibians, and five on fish. Put each animal on a separate sheet in alphabetical order. Include pictures whenever possible.

REQUIREMENT 7: Do ONE of the following:

REQUIREMENT 7A: Determine the age of five species of fish from scale samples or identify various age classes of one species in a lake and report the results.

REQUIREMENT 7B: Conduct a creel census on a small lake to estimate catch per unit effort.

REQUIREMENT 7C: Examine the stomach contents of three fish and record the findings. It is not necessary to catch any fish for this option. You must visit a cleaning station set up for fishermen or find another, similar alternative.

REQUIREMENT 7D: Make a freshwater aquarium. Include at least four species of native plants and four species of animal life, such as whirligig beetles, freshwater shrimp, tadpoles, water snails, and golden shiners. After 60 days of observation, discuss with your counselor the life cycles, food chains, and management needs you have recognized. After completing requirement 7d to your counselor's satisfaction, with your counselor's assistance, check local laws to determine what you should do with the specimens you have collected.

REQUIREMENT 8: Using resources found at the library and in periodicals, books, and the internet (with your parent's permission), learn about three different positions held by fisheries and/or wildlife professionals. Find out the education and training requirements for each position.
